

Ford Amphitheatre House Staff and Security

The Los Angeles County Arts Commission provides a house staff for each event consisting of House Managers, ticket takers, ushers, and merchandise sales. The Ford may augment the basic house staff with volunteers.

The Ford will furnish a professional Security Staff for performances that require security personnel. This will be determined by the Licensee in agreement with Event Services Manager and the Ford's Managing Director.

The standard Security staff includes one supervisor and a five person team who are scheduled for a minimum of four hours per shift.

If additional security is required or otherwise deemed necessary by the Ford's Event Services Manager in consultation with the Ford's Managing Director, Licensee will be responsible for paying the additional costs billed according to the following rates:

First 8 hours	Over 8, but less than 12 hours	Over 12 hours
\$30/person/hour	\$50/person/hour	\$60/person/hour

The additional costs will be deducted from Licensee's gross box office proceeds at the time of settlement.
